Mazes

Find your way through to the finish line of Oklahoma farms' famous corn and hay mazes. Where else can you roam a maze, explore a pumpkin patch, take an old-fashioned hayride and more?

Many of our locations have taken corn and hay mazes into the 21st century, offering interactive adventures that give maze-runners the option to solve riddles and learn agricultural facts from their mobile devices. Some farms also provide scary after-dark attractions, but no matter what you're after, all of our maze destinations guarantee a fun, wholesome time.
