ROBBERS CAVE STATE PARK

Robbers Cave

STATE PARK

Nestled in the Sans Bois Mountains of southeastern Oklahoma, discover the idyllic location for your corporate meeting, leadership retreat or family reunion.

At work, rest or play, Robbers Cave State Park provides a scenic and historic backdrop for a memorable getaway.

Trek roads less traveled by horseback or mountain bike. Or explore the natural caves and sandstone rock formations that were, according to legend, once a hideout for some of Oklahoma's most notorious outlaws. The caves continue to attract skilled climbers and adventure-seekers. In addition, Lake Carlton provides a refreshing playground for swimming, canoeing, paddle-boating and fishing.

At the end of the day, relax by the fire in one of 26 peaceful cabins, each featuring full kitchens, fireplace and scenic views. Or stay with the group in the 20-room Belle Starr View Lodge and enjoy striking views of Coon Creek Lake below. Three RV campgrounds and seven tent campgrounds provide space and convenience where recreational vehicle and tent campers can enjoy nature and serenity of the outdoors.

Renew your spirit with a sunset hike along high bluffs overlooking picturesque valleys. With such variety, Robbers Cave provides the ultimate State Park experience.
