## Herradura Tequila

To be classified as a reposado, a tequila must be aged for a minimum of two months. Herradura Reposado is aged for 11 months, which is in itself a testament of their exact standards.

When you drink Herradura Reposado, the peripheral façade of flavors fade. A perfect balance of wood, fruity notes, vanilla and spices transports you to a magical place of timeless beauty. \_\_\_\_\_ 7<sup>50</sup>

## Patron Silver

Patron Silver is a crystal clear, ultra-premium tequila. This light, fresh tequila is a favorite of tequila connoisseurs worldwide. Many prefer this smooth, soft and light tequila over an aged and slightly oaky flavor. Patron Silver is the perfect ingredient in your favorite margarita or in your favorite mixed cocktail. It is also delicious neat or on the rocks. \_\_\_\_\_ 8<sup>00</sup>

## Cazadores Reposado

Reposado means 'rested,' and Cazadores Reposado gets its name from resting for over two months in new, small, American white oak casks. Most other tequilas are aged in old, used bourbon barrels. This is why it is so rich in aroma and flavor. The production of Cazadores results in a superior, flavorful and impurity-free tequila: 100% Blue Agave, all natural fermentation and double distillation. \_\_\_\_\_ 7<sup>75</sup>

## Sauza Hornitos Reposado

Sauza Hornitos Reposado has a paler color and livelier agave taste than other reposado tequilas. It delivers a unique character that lets you experience the perfect combination of smooth taste and tequila edge. A fresh aroma of fruit and wood, with flavors of sweet pear and spice and a warm, oaky finish. Perfect for drinking it straight, but its zest is limitless. \_\_\_\_\_ 7<sup>75</sup>

## Don Julio Reposado

Since 1942 Don Julio has cultivated agave that requires seven to ten years to reach its full maturity under the brilliant sun of Los Altos de Jalisco. As in those years, Don Julio continues to produce this tequila with the same care at "La Primavera" distillery. \_\_\_\_\_ 8<sup>75</sup>
