

We organize group trips for any budget. We will visit dive locations around the U.S. and Cozumel several times a year. We also offer 2-3 International trips for the adventurous. We have dived in the beautiful waters of Fiji, the breathtakingly clear ocean in Turks and Caicos and many other locations. Contact us to find out where we are going next.

We are a full service dive shop that offers training, travel, equipment, rentals and repair services. We are an authorized dealer for many leading scuba diving equipment manufacturers and update our selection often to include new and innovative products. We also offer scuba diver training classes from beginner through instructor levels, as well as various other specialty classes. Our instructors are certified through PADI, NAUI, SDI and TDI
