STATE PARK

**The lodge located in Sequoyah State Park combines the pioneering spirit of the native land with the modern amenities you need to host your company meeting, leadership retreat or family reunion.**

Oklahoma's largest state park lodge features a full service restaurant and nine meeting rooms with space for up to 900 guests. With 104 newly renovated guest rooms and suites, 44 cottages, a bunkhouse, a fully-furnished lake house and lake-hut, and 6 campgrounds for RV or tent camping, there's plenty of room to unpack and unwind.

Open space. Room to roam. The park features a winding two-mile paved trail through forests of trees for walking, jogging or bicycling. Sequoyah State Park offers 2,200 acres of wooded landscape featuring majestic pines and native tree and plant species. Discover the history of the park with educational information, nature programs and animal habitats on display inside Three Forks Nature Center. Lakeside fairways and lush greens are featured on the 18-hole Sequoyah Golf Course.

Experience real horsepower at Sequoyah Riding Stables. Guided trail rides, hayrides and Lil' Wrangler children's programs are available for family adventures. Or head to the cool oasis of Fort Gibson Lake and enjoy 225 miles of shoreline with excellent fishing and water sport opportunities. A full-service marina is available in the park.
