 Remain quiet and avoid unnecessary movements while others are throwing. Stand behind the player who is throwing until the throw is complete. Remove disc from the Disc Pole Hole after completing the hole. Help new players learn the rules. Allow faster groups to play through when possible. Pick up trash and put it in the proper receptacles. Do not alter the course (trees, Bush is, etc.) in any way.

Objective of the Game: Disc golf is played like traditional "ball" golf but with flying discs instead of balls and clubs. One point (stroke) is counted each time the disc is thrown and when a penalty is incurred. The objective is to play each hole in the fewest strokes possible. The player with the lowest total strokes for the entire course wins. **Safety First:** Never throw when players or park users are within range always give park users the right of way. Be aware of your surroundings and environment. **Tee throws:** Each hole begins with a Tee throw. Tee throws must be completed within or behind the designated Tee area. **Lie:** The lie is the spot where the players previous throw has landed. Mark lie with a mini disc or turn over the thrown disc, directly towards the hole or designated fairway. The players subsequent throw is made from directly behind the marked line. **Drawing Order:** The player with the least number of strokes on the previous hole is the first to tee off on the next hole after teeing off, the player whose disk is farthest from the hole always throws first. **Fairway Throws:** Fairway throws must be made from directly behind the lie. A run-up and normal follow-through, after release, is allowed, unless the lie is within 33 feet of the target. Any shot within 33 feet of the target requires that the player not move past the lie until the disk is at rest. **Unplayable Lie:** Any disc that can come to rest above the ground is considered an unplayable lie. The disc must be thrown from the lie on the ground, directly underneath the unplayable line, relocated to avoid damage to the vegetation. **Out of bounds:** If any area of O.B. is visible between the disk and O.B. line, then the disc is considered O.B. A throw that lands out of bounds must be played from point 3 feet away in bounds from where the disc went out of bounds. Permanent water hazards in public roads are always out of bounds. **Dogleg:** A dogleg is one or more designated trees or poles in the fairway that must be passed as indicated by arrows. Until the dogleg is past the closest foot to the dogleg must be on the lie when the disc is released. **Completion of Hole:** A disc that comes to rest in the Disc Pole Hole basket or chains constitutes successful completion of that hole. **Penalties:** Recreational players will not be penalized for rule infractions. *Other players will keep you honest.*
