OUR STORY

Enid Brewing Company brings together rural and urban communities in creating locally-grown and brewed "Grain to Glass" craft beer and food. EBC was created by Brady Sidwell, a food and agriculture entrepreneur and investor, whose supply chain companies provide our ingredients from local farms.

Enid Brewing Company is a full circle brewery and eatery. Our menu items feature locally sourced ingredients from Sidwell Farms beef to Chisholm Trail Milling whole wheat flour. The "spent grains" from our brewing process are used to feed our cattle, highlighting our truly, full circle supply chain. Our craft beers are also used throughout the cooking process.

On behalf of our family-owned companies, we welcome you to Enid Brewing Company and Eatery that brings together the best of rural Oklahoma!
