### Warm Greetings from the Canna Farm!

The new year is here! We are grateful for our work on the farm, our fantastic team, and especially for you, our customers and friends.

There is always progress to make, changes to implement, and improvements to carry out. Looking back, 2023 was full of progress. Progress, not in the perfectionist kind of way that demands change and worry and hand-wringing, but progress in the breath-easier kind of way. The type of progress that helps us move forward with joy, peace and excitement for what the future holds.

The van Haaster family visited our farm this summer. They own Van Haaster Cannas in Holland. We compared notes on growing cannas in our unique climates, planting and harvesting techniques, and much more. It was a delightful three days full of laughter and warm friendship. We cannot wait to visit them in the future.

Dustin and I became empty nesters this year. It was bittersweet as a season of hands-on parenting came to a close. Like so many of you have experienced, we changed from having kids in the house to being supporting and encouraging voices in each of our children's lives. Dustin and I find it tempting to work longer hours without kids at home! We are trying to break this trend and make more time in the evenings for us and the things we both enjoy outside of work on the farm!

We celebrated our faithful team members, Melisa and Paz, for their 15 years of work. They are rockstars! We are thankful for their patience, smiles, and willingness to stick with it even on the hard days. Working on the farm is not easy, but you would never know it when talking to Melisa or Paz. Alicia, Anahi, Shannon, and Madison make up the rest of our extraordinary team. We couldn't do it without them, nor would we want to.

We have said it before, but you are the reason we grow cannas on the plains of Oklahoma. Our team has a deep gratitude for each of you. We eagerly look forward to all that 2024 holds in store!

Blessings,

*Dustin & Nikki Snow*

# NEW! Canna Varieties for 2024

## New! Pacific Beauty

Pacific Beauty was last available in 2014. Its orange petals are so vivid they are nearly fluorescent. Pacific Beauty's blazing blooms shine even brighter in contrast to bronze tinted foliage. For further distinction, plant in front of Pretoria's (page 10) variegated foliage or Grande Red Stripe's (page 11) deep green foliage. Pacific Beauty is a medium height canna averaging 4 to 5 feet tall. \$14.00 bulb (only)

## From Our Customers

*"I absolutely love Horn Canna! They send large, healthy bulbs and plants. They package the shipment securely and the plants always arrive moist. I have been ordering for several years now, and I have never been disappointed. Highly recommend!"*

*-Tari from Prescott Valley, AZ*

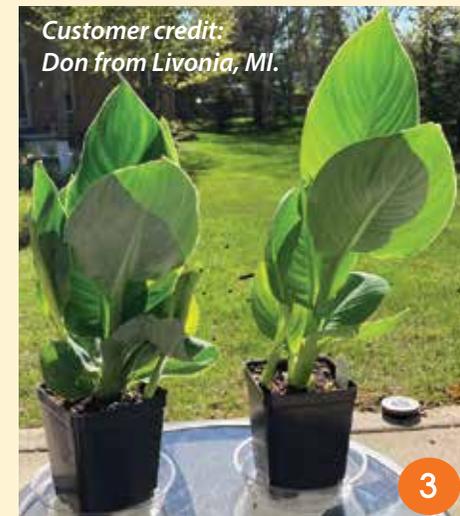

## New! Striped Beauty

Striped Beauty was last available in 2018. Exotic, pinstriped foliage adds unique flair to a flowerbed or container. Striped Beauty produces a scarlet bud that opens to a yellow bloom marked by a central white cross. Plant in front of Australia (page 8) or Whithelm Pride (page 8) for a one-of-a-kind look. Striped Beauty is self-cleaning and will drop its spent blooms automatically. Petite height of 3 feet tall. \$17.00 bulb (only)

## Buy your cannas as bulbs or potted plants!

Order your bulbs for shipment from mid-February through the month of June. Order your plants for shipment between the months of May and July. Bulbs are shipped fresh and healthy with a minimum of three to five eyes each. A sample size bulb is pictured left. Plants are shipped in 1.2 quart containers that measure about 4x4x5 inches. A sample size of our plants is pictured right. Plants range in height from 12 to 24" tall, depending on the time of year they are shipped.

Customer credit: Don from Livonia, MI.

# Dwarf Canna Varieties

These varieties reach an average height of 3 to 4 feet tall.

## Durban

One of our very best sellers! Psychedelic leaves and orange blooms are like no other! Originating from Durban, South Africa. Also known as Phasion. Excellent foliage canna. \$17.00 bulb/\$29.00 plant

## Alaska

Alaska's nearly white blooms are just what gardeners have been seeking for years. Subtle blue-green leaves complement the creamy petals. Average height of three to three and a half feet tall. \$29.00 plant (only)

*Photo credit:  
Don from  
Canton, MI*

## Banana Punch

Lots of rich yellow petals open in an arch shape on the pendant blooms. Average height of three feet with deep green foliage. It is a showstopper! \$26.00 plant (only)

## Dawn Pink

Flamingo pink blooms create a stark contrast to the dark chocolate foliage. Barely reaches 3 feet tall. Tips of the leaves cup slightly. \$17.00 bulb (only)

## Tenerife

Yellow petals splashed with red fill the top of each stalk with lots of vertical blooms. Dwarf height averaging about three feet tall. \$11.00 bulb (only)

## Firebird

Grandmother Louise Horn's favorite variety. Crimson blooms create an image of birds ready for flight. Average height of four feet tall. \$13.00 bulb (only)

## Orange Punch

Happy orange blooms with accents of yellow. Unique pendant-shaped bloom. Deep green leaves. Dwarf height averaging three feet tall. \$13.00 bulb (only)

# Dwarf Canna Varieties

These varieties reach an average height of 3 to 4 feet tall.

## Pink Magic

Large, globe shaped blooms with dark pink petals. Adds a magical twirl of deep pink to flowerbeds or containers. Dwarf height of three feet tall. \$14.00 bulb (only)

## Thai Pink

Soft, salmon-pink flowers with elongated petals. Blooms sit just above subtle hues of blue green foliage. Dwarf height of three to four feet tall. \$17.00 bulb (only)

## Dwarf Mixture

**Exclusive!** A medley of our shortest cannas. Enjoy a wide variety of our dwarf cannas all in one package. 24 rhizomes for \$194.00 **Save 40%!**

## Madeira

Orangish-red petals edged in bright yellow with green foliage. The bi-color blooms are great in containers. Also an Island Series canna. \$26.00 plant (only)

*Photo credit:  
John from York, PA*

## Chinese Coral

The perfect baby pink canna with huge blooms. It multiplies slowly making this variety a rare gem among cannas. Dwarf height of three to four feet tall. \$17.00 bulb (only)

## Corsica

Soft apricot blooms with yellow centers and irregular yellow edging. Green foliage. Pairs well with Confetti. Average height of three feet tall. \$14.00 bulb (only)

## Wyoming

This award winner brings impact to the garden! Orange blooms contrast against bronze-tinted foliage in a dramatic combination. \$13.00 bulb (only)

## Black Knight

Black Knight's irresistible, velvety red blooms are unlike any other canna. Bronze tinted foliage. This variety always sells out early. \$14.00 bulb (only)

# Medium Canna Varieties

These varieties reach an average height of 4 to 5 feet tall.

Photo credit: Chris from Duncan, OK

Photo credit: Greg from Waikoloa, HI

**Confetti**  
Delicate yellow blossoms dappled with splashes of pink. Festivities are certain with this lovely in your garden! Reaches four to five feet tall.  
\$13.00 bulb (only)

**Yellow King Humbert**  
This unique and vintage variety has bicolor blooms of buttery yellow splashed with orange. A gardening favorite for over 125 years.  
\$11.00 bulb/\$26.00 plant

**City of Portland**  
This popular and well-known canna produces coral pink blooms and lush, tropical green foliage. First introduced in 1916 by Antoine Wintzer.  
\$11.00 bulb (only)

**Cleopatra Red**  
If you love the look of Australia, you will love Cleopatra Red! It has huge, tomato-red blooms that look even more distinctive with its dark bronze foliage.  
\$26.00 plant (only)

**Cleopatra**  
Dustin's favorite variety and our customers agree! Red randomly marks both the bloom and foliage on this best seller. Can also grow with a yellow bloom with green foliage or a red bloom with red foliage. No two are alike!  
\$14.00 bulb/\$29.00 plant

## Medium Height Collection

**Exclusive!** A perfect combo of our medium-sized cannas. 3 each: Yellow King Humbert, City of Portland and Confetti  
9 rhizomes for \$99.00 **Save 15%!**

### From Our Customers

*"Am ALWAYS super pleased with Horn's packaging, and the size of their rhizomes!! Mine were HUGE and already breaking the ground! Thank you for such superior products!"*  
-Barbara from Rosebud, TX

Photo credit: Melinda from Coleman, TX

### Australia

Dark chocolate foliage topped with ruby red blooms grow from a surprisingly small bulb. Stunning in contrast to green foliage plants. Very popular for its deep, dark foliage

\$13.00 bulb/\$26.00 plant

**Whithelm Pride**  
Watermelon pink blooms deliciously mixed with blue green leaves edged with bronze. Amazing contrast all in one plant! Average height of four feet tall.  
\$17.00 bulb (only)

**Berry Pink**  
**Exclusive!** Vivid red-dish-pink or cerise blooms with lots of upright petals. Pairs well with yellow blooming cannas. Medium height of four feet.  
\$13.00 bulb (only)

**Kreta**  
Brilliant red blooms and green foliage. Great for attracting hummingbirds with a prolific number of petals. One of the Island Series cannas.  
\$13.00 bulb /\$26.00 plant

**Crimson Beauty**  
Red and pink fused together for a fabulous shade of hot pink. Complemented by shiny green leaves. Tried and true mid-height canna.  
\$13.00 bulb (only)

# Tall Canna Varieties

These varieties reach an average height of 5 to 6 feet tall.

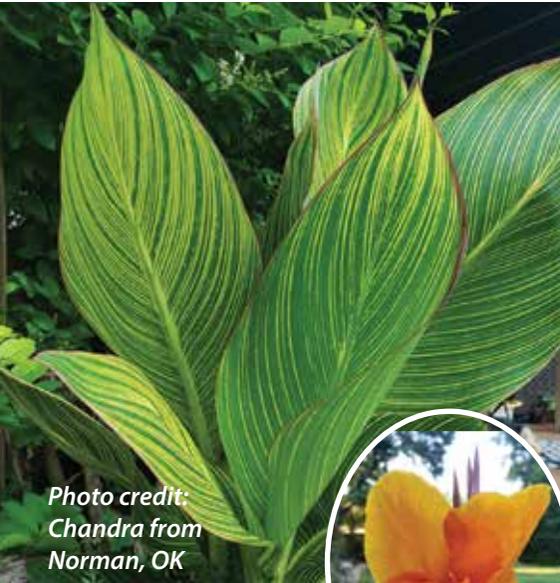

Photo credit:  
Chandra from  
Norman, OK

## Pretoria

Purplish-red stems reach up from the wildly marked stripy foliage giving way to massive orange blooms. Also known as Bengal Tiger.

\$14.00 bulb/\$29.00 plant

## Orange Beauty

This classic tall variety paints a gorgeous backdrop in the garden for shorter cannas. Beautiful in butterfly gardens. Surprisingly large blooms for such a tall plant.

\$13.00 bulb (only)

## #1 Best Seller! Musifolia

Dramatic foliage towers above the garden in late season. Bronze trimmed foliage explodes in the evening sun reaching six feet or more. Produces massive rhizomes.

\$13.00 bulb/\$26.00 plant

Photo credit:  
Sara from Dallas, TX

# Giant Canna Varieties

These varieties reach an average height of 6 to 8 feet tall!

## Orange Musifolia

An orange blooming option to the ever-popular Musifolia! Giant bronze leaves create a tropical backdrop averaging six to eight feet tall.

\$13.00 bulb (only)

## Omega

The tallest canna that we grow (8 feet and up), originally shared with us by our long-time customer, Alan. Apricot blooms with rich green leaves.

\$13.00 bulb (only)

Photo credit:  
Patty from Howell, MI

## Robert Kemp

Feathery, upright red blooms and a mass of tropical, green foliage create a splendid hummingbird playground.

\$11.00 bulb (only)

## Grande Red Stripe

Gigantic green leaves with a subtle red trim. Dramatic foliage towers above the garden with late season blooms. Excellent for creating a "living" wall for privacy.

\$13.00 bulb (only)

# Mixtures and Collections

## Cannova® Cannas

We are excited to offer five great colors of Cannova® cannas this year! Each plant grows to an average height of 3 to 4 feet.

### Cannova® Red Golden Flame

Bright yellow petals embellished with fiery markings of red. This petite plant sets both flowerbeds and containers ablaze with bold summer color!

### Cannova® Bronze Peach

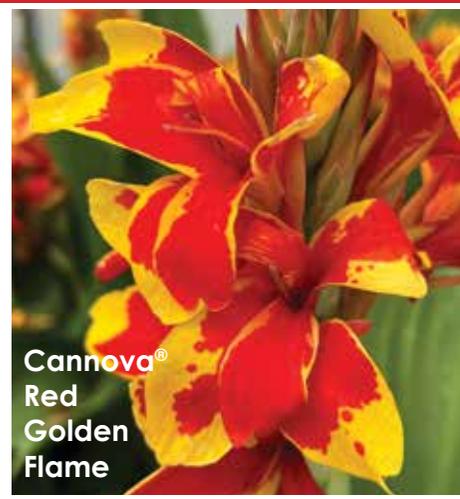

Soft, salmon pink blooms grow in lovely contrast to bronze-hued foliage. We think you will love it!

**Cannova® Yellow**  
Canary yellow flowers with the slightest hint of salmon speckles. Large, deep green leaves add tropical flare to mixed containers and gardens.

**Cannova® Orange Shades**  
Perfectly mixed hues of orange above lush, green tropical foliage. Beautiful as a backdrop in a landscape or as a showpiece on a patio or pool deck.

**Cannova® Rose**  
Stunning rose colored blooms atop rich, green leaves. Its dwarf height is ideal for mass plantings, in beds, and borders. Creates a stunning focal point when planted in pots.

**Cannova® Mango**  
A sweet treat that produces shades of salmon and mango blooms with lush, green foliage. Mango is ideal in the landscape or in containers. Available as plants only. \$26 each

*From Our Customers*

*"I just wanted to you all how pleased I was to receive my Canna Bulbs! I was truly surprised and impressed with the size and quality of them all! Last year I tried the get these same varieties from other distributors with horrible results and what ones I did manage to keep did not grow into what they were supposed to be! Looking forward to seeing them grow this summer! I'll definitely spread the word of all my gardening friends! Thanks so much!" - Tom from Olathe, KS*

**Additional canna varieties can be found on our website as well as some items with special bulk pricing!**
